## Our Results & Findings

**Work Order:** This is your Quarterly Inspection. **NO CHANGE FROM PREVIOUS REPORTS 02/17/25.**

**Notes/ Findings:** The technicians were onsite on 02/17/25, 05/28/25, and then on 08/25/25 (**same notes**), the Clock was locked with a Zip Tie. They did "NOT" complete a wet check. If you would like us to complete the Wet Check, next Quarter, please let us know. We will continue to check. 😊

**THE MONTH OF AUGUST:** Working outdoors in Florida's August heat requires careful planning to ensure worker's safety and well-being. The hot and humid weather, while challenging, also promotes rapid plant growth, leading to a continuous need for mowing, trimming, and other maintenance services.
