Check & Adjustments Only

Our Results & Findings

Work Order: This is your Quarterly Inspection.

Notes/ Findings: The technicians were onsite, to complete the Wet Check. The techs have noted that the Clock was on the "OFF" position. They turned the clock "ON", so they were able to check for any breaks or leaks. They have found 1x broken 4" Inch pop up and Nozzle. They have noted that your Clock and Index Valve are functioning properly. They cleaned and adjusted the sprinklers. They have left your Clock on the "OFF" Position, same as they have found it. Once "Approved" we can schedule the technicians for repairs. Please let me know how you would like to proceed. 😊

Breakdown of Repairs for Approved Request.

1x 4" Inch Spray Head

1x Nozzle
