## Our Results & Findings

**Work Order:** This is your Quarterly Inspection. **NO CHANGES FROM PREVIOUS REPORT.**

**Notes/ Findings:** The technicians were onsite to complete the Wet Check. The Clock was on the "OFF" Position. The techs turned it back "ON" to complete the Wet Check, looking for any leaks or any damages. This is where they have found 1 broken 4" Pop-up. Your Clock and Pump are both Functioning properly. They Cleaned and adjusted your Sprinklers. They have left your Clock on the "OFF" Position, just as they have found it. Once "Approved", the techs will be scheduled. Please let me know how you would like to proceed. 😊

**THE MONTH OF AUGUST:** Working outdoors in Florida's August heat requires careful planning to ensure worker's safety and well-being. The hot and humid weather, while challenging, also promotes rapid plant growth, leading to a continuous need for mowing, trimming, and other maintenance services.
