## Our Results & Findings

**Work Order:** This is your Quarterly Inspection.

**Notes/ Findings:** When the Irrigation techs arrived onsite, they noticed the "Hunter Wifi" Clock was on the "OFF" position. They turned it on, so they were able to see if it was damaged at all or not. This is here they found a broken 4" Inch Spray head and Nozzle. Your Clock and Pump are functioning properly. They cleaned and Adjusted the Spray Heads and Rotors. They left the clock on "OFF" position, just as they found it. We would just need this to be "Approved" before we are able to schedule the techs for repairs. Please let me know how you would like to proceed. 😊
