Our Results & Findings

Work Order: This is your Quarterly Inspection.

Notes/ Findings: When the Irrigation techs arrived onsite, they noticed the Clock was on the "OFF" position. They turned it on, so they were able to see if it was damaged at all or not. This is where they were able to find a broken pop up and nozzle. Your Clock and Pump are functioning properly. They cleaned and Adjusted the Spray Heads and Rotors. Other than that, everything is functioning. They left the clock on "OFF" position, just as they found it. We would need an "Approval" from you before scheduling the techs for repairs. Please let me know how you would like to proceed. 😊

Breakdown of Estimated Repairs:

1x 4" Spray Head

1x Nozzle
